

Eduworks recognized as 2018 Nominee in MS&T's Simulation & Training Industry Awards

Corvallis, OR – Eduworks Corporation (Eduworks) was recognized as a 2018 Simulation and Training Awards Nominee by MS&T (Military Simulation & Training) Magazine in the category of Outstanding Innovative Product. “Eduworks is pleased to be part of a select group of companies in the simulation & training community recognized by MS&T for product innovation,” said Eduworks CEO Dr. Robby Robson.

Eduworks' nomination is based on its PeBL (Personalized eBooks for Learning) product, which adds new functionality to existing eBooks to expand the boundaries, reach, and impact of training. PeBL-enhanced training materials showcase interactivity, personalization and collaboration - available on mobile, portable, and desktop devices.
